COASTAL WEDDINGS IN MAINE, NH, AND BOSTON

A full-page photograph of a wedding couple sitting on a dark, jagged rock formation. The woman is wearing a white, sleeveless, floor-length wedding dress and is sitting on the rock, looking towards the camera with a slight smile. The man is wearing a dark suit and is sitting behind her, leaning over her shoulder and looking down at her. The background shows a calm sea and a sky with soft, golden light from a setting or rising sun, creating a romantic atmosphere.

INCREDIBLE, AND YOU GUYS
CAPTURED IT ALL!”*

RACHEL HOUGH

HELLO

AND WELCOME!

Thank you so much for downloading this pdf file, and wanting to know a little more about Focus Photography!

I'm Will, and my wife Lucia and I have shot weddings together as Focus Photography since 2005. We try to share as much information about what we do as we can, and so this guide is about 100 pages longer than you were expecting. Sorry.....

Heres what you'll find in this guide:

- I want to introduce you to Focus Photography, and share a little about what makes our approach unique in the wedding market.
- I want to share the stories and thoughts of a few of the couples we've worked with.
- I'm going to share some of our pricing and collections with you, though you'll want to meet with us to see the actual items.
- I'll try to saturate this guide with beautiful images, so you'll be an expert at identifying Focus Photography's work!

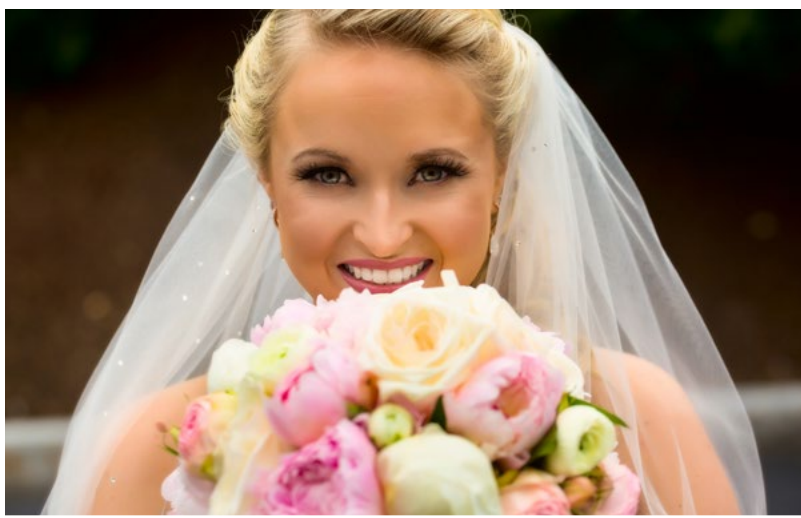

That's an ambitious plan, right? Are you still interested?

I hope so, and I hope to hear from you soon.

Will (and Lucia)

MEAGAN
&
COREY

“Focus Photography was everything we could have asked for and more! Will and Lucia are both so much fun and really know what they are doing! It was great to work with people who not only love their jobs so much, but really care about getting their clients the best.”

“From the romantic session to the wedding we were overwhelmed by the incredible photos that they took. We had so many guests who continue to tell us our photos should be in magazines! It’s been a few months since the wedding and I still can’t stop looking at the pictures. They are pictures we will cherish forever. Thank you Focus Photography for being so awesome, we LOVED working with you guys!”

THE ROMANTIC SESSION

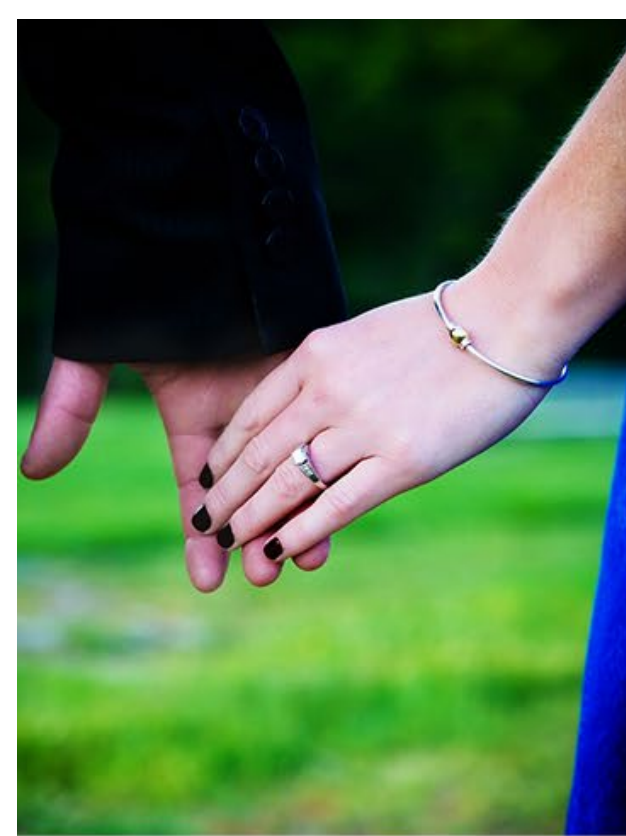

Our Romantic Sessions are an engagement shoot on steroids!

We're going to show you all of the different ways we could photograph you on your wedding, and then you'll get to tell us how you most like yourself in pictures, so on your actual wedding day, we're only capturing images you'll love.

Doesn't that make sense?

We'll create traditional images where you're camera aware; romantic images where you're lost in each other's orbits; editorial images where you're just a small part of a big picture; choreographed shots where you're in motion; and tight shots of just arms entwined.

“Not gonna lie, Tim and I were a little skeptical about doing a romantic shoot. We aren't very photogenic, we were nervous about it being awkward, and we thought it might be kinda cheesy. They assured us that this was very important to do, both for us as clients, and for them as professionals. Never having worked with them before, this would allow us to get more comfortable with them, with each other, and with ourselves in front of a camera.”

“Lucia told us to dress up. We grumbled...but we trusted her. In the end, we were so glad we did. We had actually changed into casual clothes for a few shots at the end, but ended up loving the dressy shots so much more!”

“By the end of the shoot, we were old pros, and we got the awkwardness out of our system before the wedding day!”

“Because of the romantic session, we knew what to expect on the wedding day and it instilled so much confidence in us.”

PRE-CEREMONY PREP

You'll get images with all of your bridesmaids as you share the wedding-day transformation!

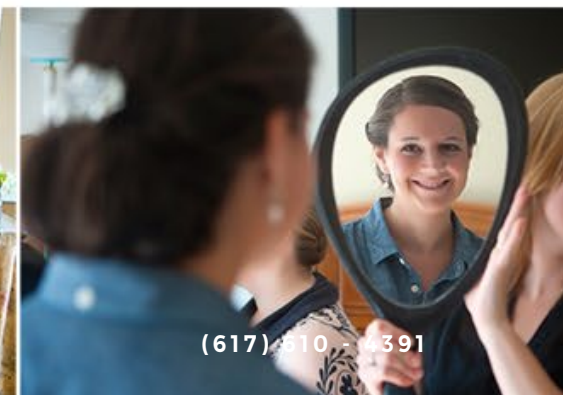

We'll be there to capture gifts given on the wedding morning, final makeup touches, special toasts and stories.

You'll get photographed as your maid of honor laces up your dress, and as your mother helps you with your earrings.

And then, as the rest of your girls and guys get ready, we'll photograph you with your families.

Dudes, I'm sorry, I've been talking just about the girls, but a lot of grooms are having us photograph them with their guys as well! And your mom wants some she and you time before the ceremony too.

Guys, we'll plan our schedule based on what you want. We can arrive when you're fully dressed, or ironing a shirt.

*“WILL AND LUCIA MADE OUR WEDDING DAY FABULOUS!
I DIDN'T WANT TO WORK WITH SOMEONE'S ASSOCIATE PHOTOGRAPHER, OR
WORSE, A PHOTOGRAPHER WE NEVER MET.*

*WHEN WE MET WILL AND LUCIA, WE KNEW WE WANTED TO WORK WITH
THEM, AND AT FOCUS, THAT'S THE ONLY OPTION! ”*

MARIA SILVER

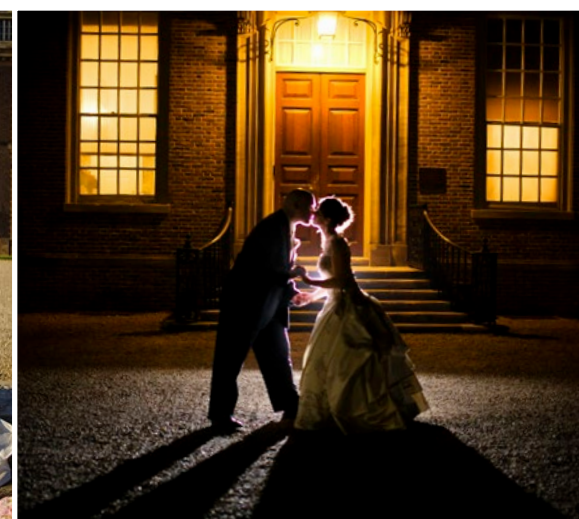

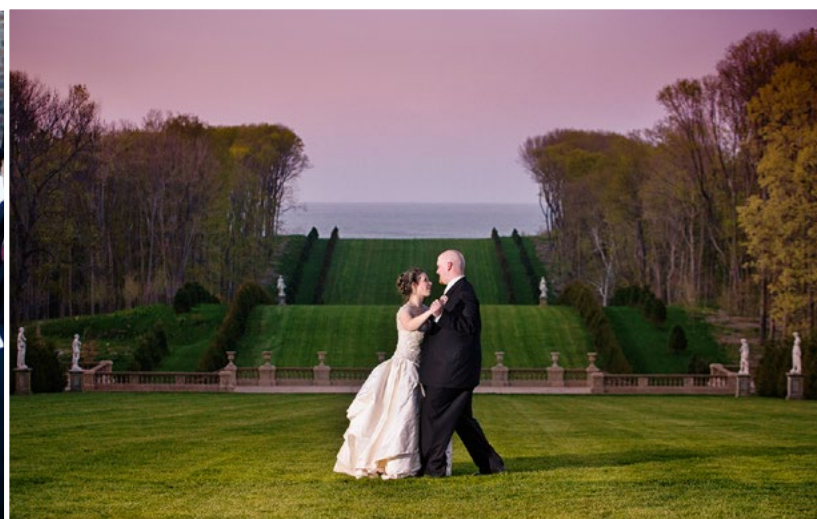

“ We chose Focus Photography because they are just as loud, corny, and fun-loving as we are. We wanted photographers who would appreciate our unique personalities. We met with some other photographers who were quiet and stuffier. We felt like we would be uncomfortable with them. We wanted to be free to be ourselves,

to feel good about who we are, and wanted photographers who would bring fun to the event. And when we met with Will and Lucia, you could tell that they were more interested in us, and what would make our wedding perfect, than in boasting about themselves. They accepted us, and then got to know us.”

“ Focus Photography was great. We really enjoyed their enthusiasm and efforts to make sure everything went smoothly. Lucia kept everything running on schedule, and Will kept everyone entertained!”

“ I don't think we'll ever love anything as much as our wedding album.”

ALLISON AND JOHN SJOLUND

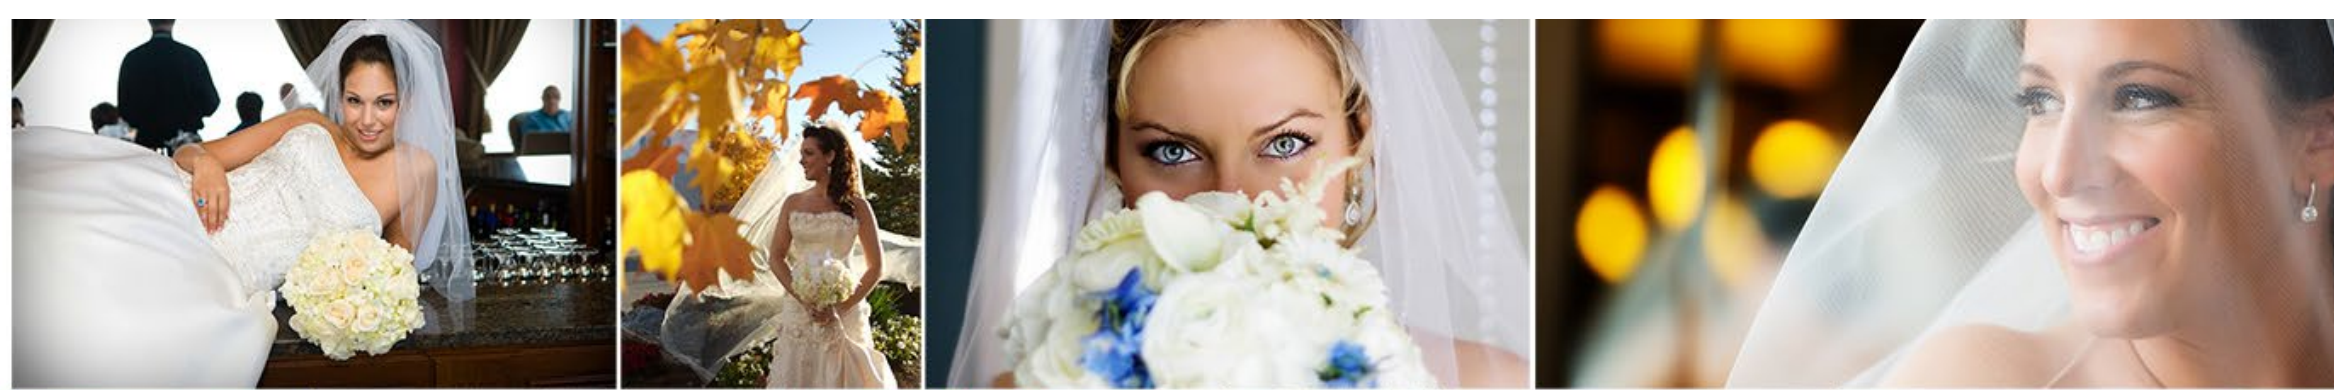

BRIDAL PORTRAITS

You'll never be one of those brides who wonders if their photographer took any pictures where they looked good in them, or that showed the dress well.

You'll get traditional portraits of you that you're grandmother will love. Sexy portraits of you that your husband will love. Laughing images that help you remember how much fun you had on your wedding. And artsy images that will show off your lashes, lips, jewelry, veil, shoes, and anything else you spent time and money on!

A lot of the women on this page were camera-shy, but they didn't want that to stop them from being thrilled with their images. We'll give you easy directions to follow, flatter your face and figure with lighting, and the hardest part will be choosing which of the images are your favorites.

JEN
&
ANTHONY

“Will and Lucia were great. I am a graphic designer, so I have an eye for detail. If one thing is off I will notice it, but I love all our pictures. The angles they used, the quality of the pictures, the landscapes, the balance, clarity, everything was just right.”

“While Lucia made sure we got everything we wanted,

Will really helps you enjoy the day all while taking BEAUTIFUL pictures.”

“If you want to remember how great your wedding was, and not how much you wish you picked a better photographer, Focus Photography is the best, and they exceeded my expectations.”

GROOMS

JUST THE GROOM!

Let's be honest, guys - you're not shopping for a photographer who can make you look like a GQ model. Maybe you got assigned 'Find a photographer' by your fiancée, or maybe you're just hoping to minimize the discomfort.

Relax, it's going to be fine. We're going to talk football and beer and which of your friends were lit-up the night before. We're going to show you what to do, how to stand or sit, and keep your mind from racing about the wedding. You'll never feel soft, weak, awkward or foolish in front of your friends.

And then we'll get you images where you WILL look like a GQ model, and your soon-to-be wife will love them and you won't have to take another picture for her ever again. Maybe.

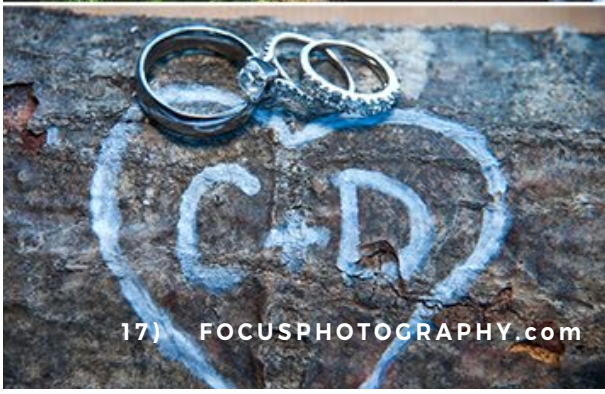

“ Danny is a firefighter at one of the busiest houses in Boston. He and I don't really love having our picture taken. We were both nervous going into our romantic session, but after working with Will and Lucia, we loosened up a bit and started to enjoy ourselves. Pictures on the

wedding day were so much easier and we knew exactly what to expect.”

“ Danny looks so handsome in all the pictures, both by himself and with me.”

“EMILY HAD A LOT OF REQUESTS FOR OUR PHOTOGRAPHERS. I JUST HAD ONE - DON'T MAKE MY DAY SUCK. WILL AND LUCIA KEPT US LAUGHING THROUGH AN EXTREMELY LONG DAY. I'M GLAD THEY WERE THERE.”

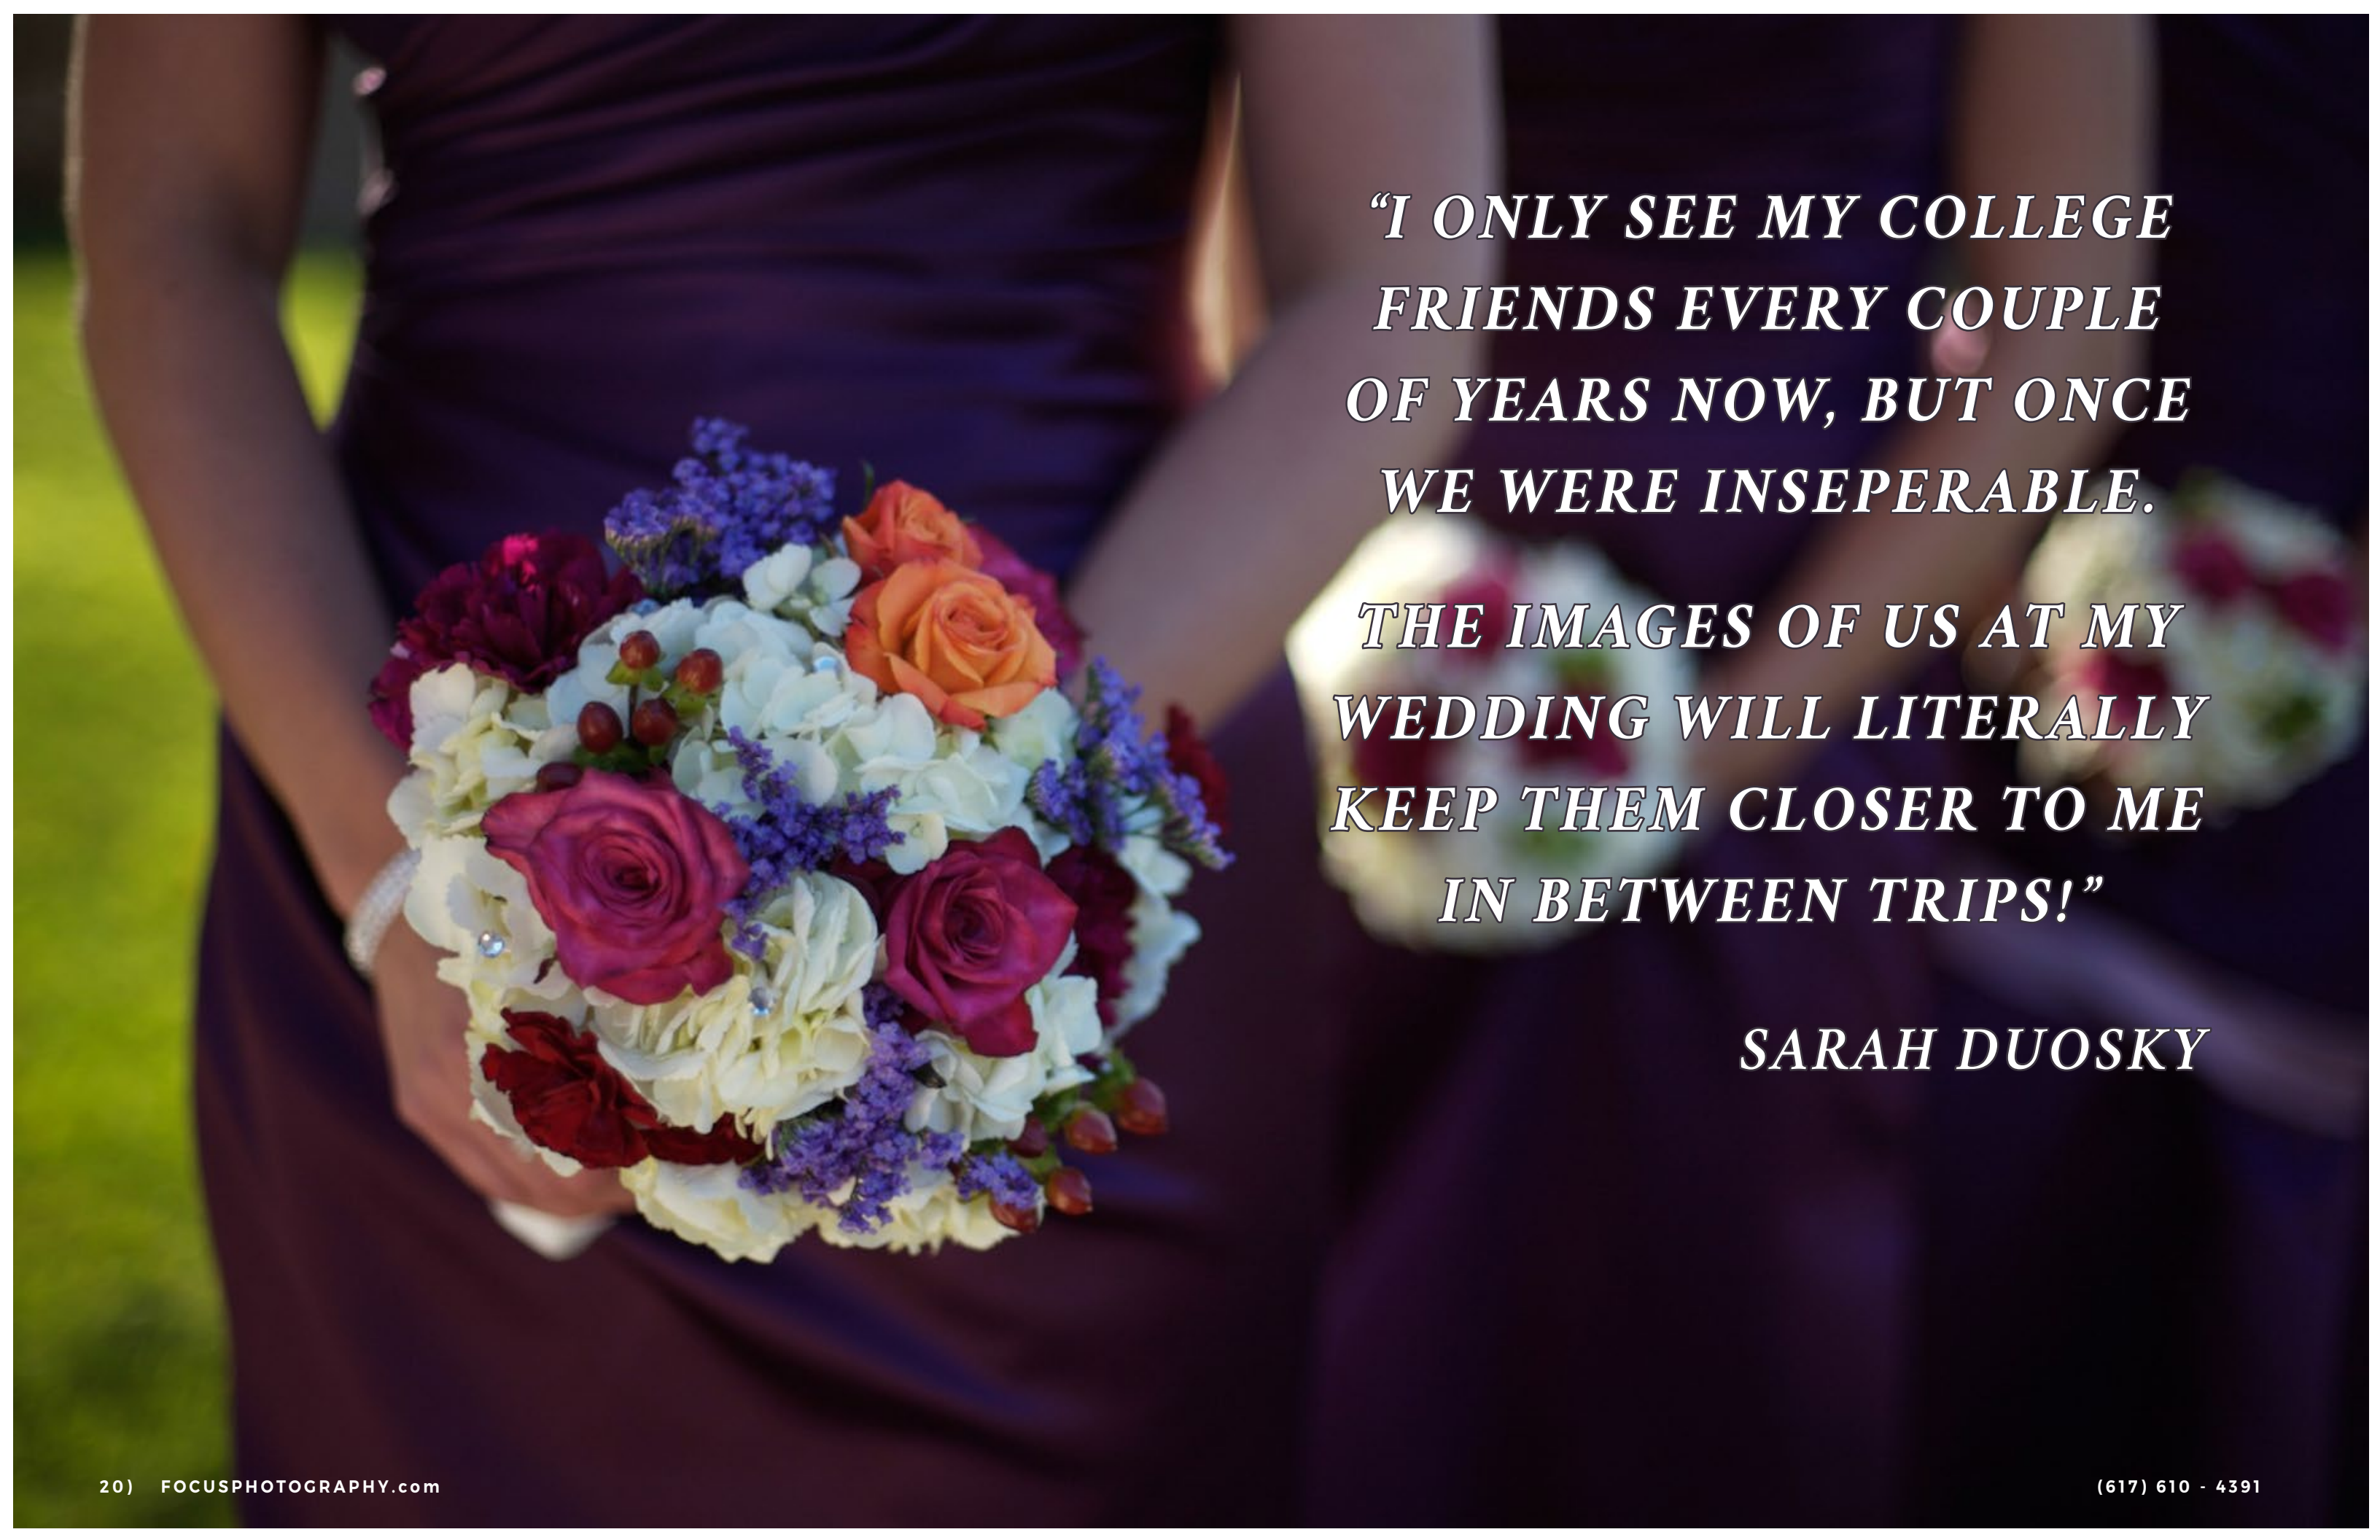

NICK BARTLETT

BRIDESMAIDS & GROOMSMEN

We'll never forget that your wedding party is made up of your best friends and your closest family members, and we're going to make sure they get great images too!

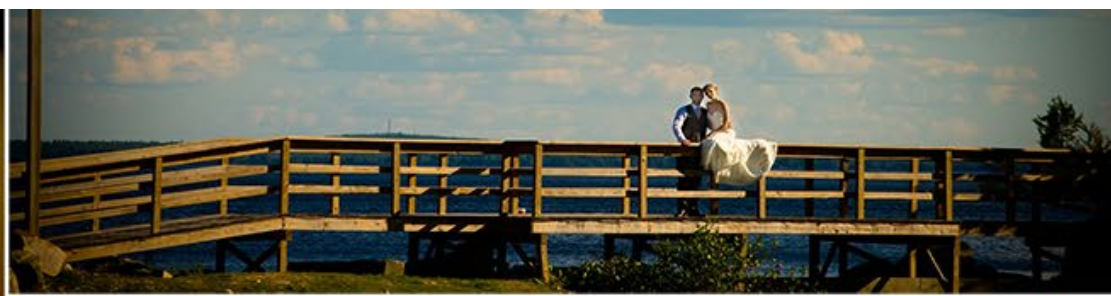

You'll get portraits with each of your attendants separately, and also as a group. And we're not going to just take a lineup shot, we'll shoot from above; below; while you're in motion; and while they tell embarrassing tales about you.

*“I ONLY SEE MY COLLEGE
FRIENDS EVERY COUPLE

WE WERE INSEPERABLE.*

WEDDING WILL LITERALLY

SARAH DUOSKY

“ Our families and our wedding party can’t stop talking about how much fun they had being photographed at our wedding!”

“ Brady and I knew we would love working with you, but he was amazed at how quickly Will became one of the guys, and never imagined his buddies would do any of the things that they did - never mind enjoy it!”

“ And the bridesmaids got to be fashion models, play volleyball, and be pirates on a boat at the mini-golf!”

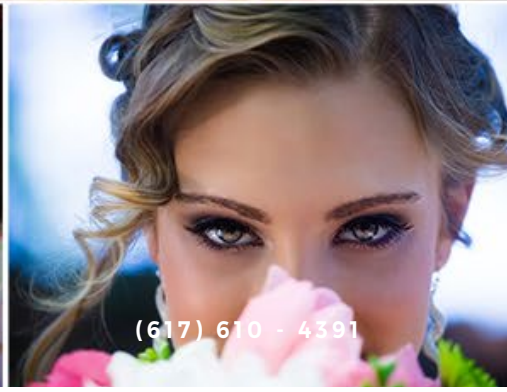

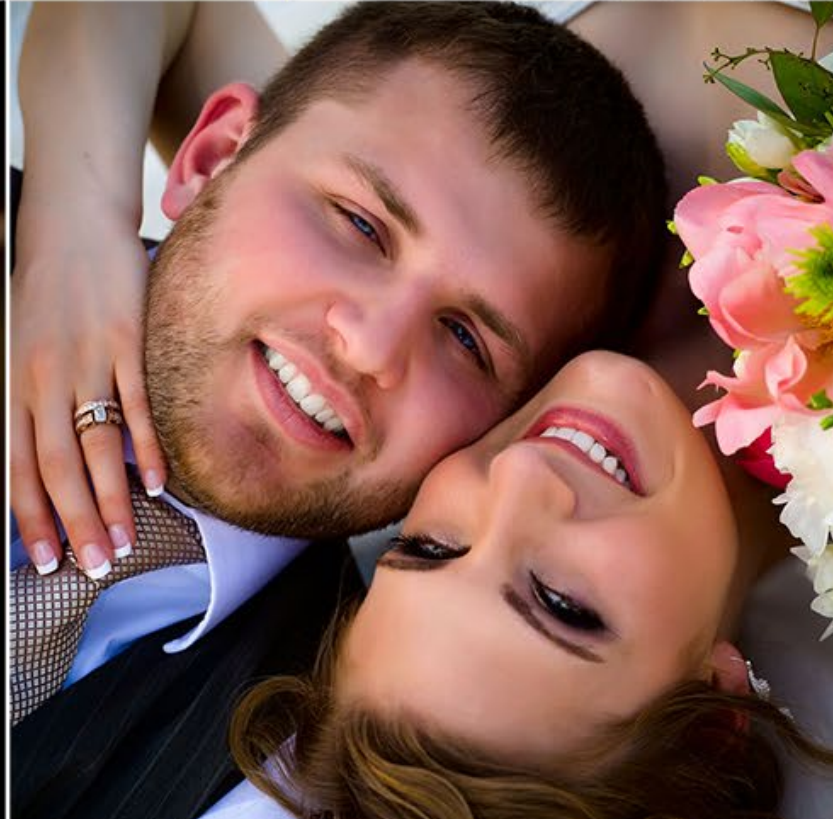

“ Photography was my most-important priority for the wedding (after Brady I guess). I love reliving every picture, how much fun we all had, and how good we all look!”

THE FIRST LOOK

There's a few practical reasons people often choose to do their family and couples' pictures before their ceremony.

Maybe you're going to have your ceremony at sunset, and there just won't be any daylight left. Maybe you'd like to have a stress-free day, and plan to have everything done beforehand. Maybe your goal is to have more time for pictures (hurray!), so we can go to the beach, or a state park, or out on a boat.

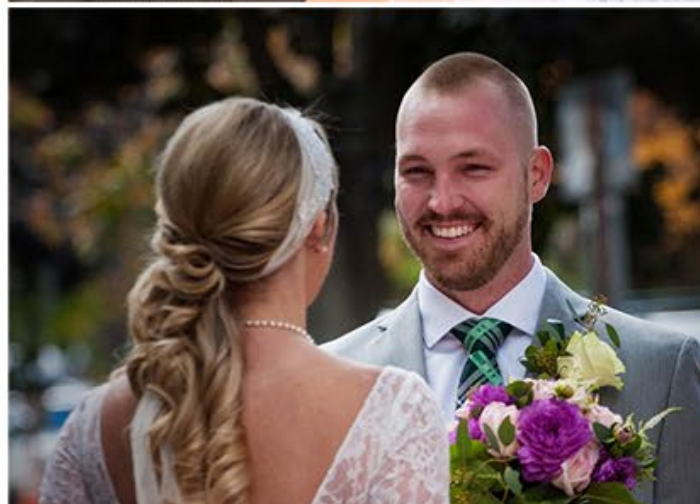

Or maybe you just don't want to miss a minute of the most fantastic party you'll ever throw, and really want to be with your guests at your cocktail hour!

Those are all awesome reasons for the practical idea of doing portraits ahead of time. But we're emotional photographers, and we tell emotional narratives. So for fifteen years now, when our clients have wanted to have most of their photography pre-ceremony, we've said great, but can we do it our way?

We want to take one of you (usually the groom, but not always), and bring him to a secluded spot, turned away from your arrival. As he waits for you, we'll capture his nervous expressions, fidgeting hands, and anticipation.

When you're ready, you'll approach him. He can hear you coming, but he won't turn around until you tap him on the shoulder and tell him to. And only then, with just you and he alone in the universe, will he turn around and breathe you in. That's not one picture, that's a story.

And then we'll leave, and let the two of you connect, so you can have the strenght of your bond for the rest of the day. And after that, everything is easy.

"I CAN'T SAY ENOUGH ABOUT THE FIRST LOOK THAT FOCUS RECOMMENDED. I WAS SO NERVOUS WAITING IN THE GRASS FOR DANNY TO TAP ME ON THE SHOULDER."

I STARTED CRYING A LITTLE BIT BECAUSE I WAS SO EXCITED AND OVERCOME WITH EMOTION.

I WOULD ABSOLUTELY RECOMMEND DOING A FIRST LOOK WITH FOCUS PHOTOGRAPHY TO ANY OTHER BRIDE AND GROOM."

COLLEEN FINN-KENNEALLY

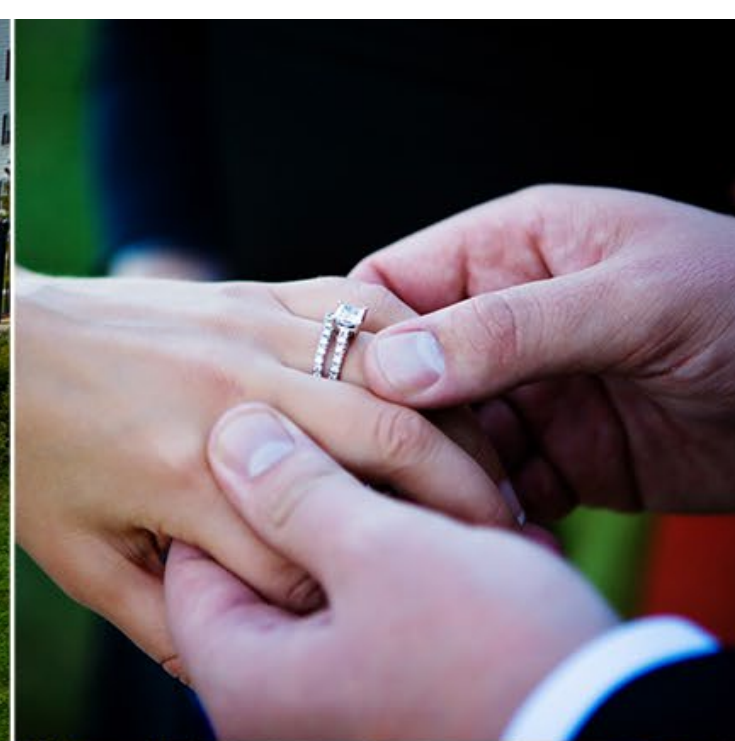

CEREMONIES

CEREMONIES!

Whether you get married at a church; on a beach; in a field; or in your parents' back yard, we're going to give your ceremony all the attention and care that the most life-altering, symbolism-laden hour of your life deserves!

You'll get wide shots that show the whole scene; tight shots on things that matter; we'll capture the tears and the joy as they toggle back and forth; and we're going to create art that makes that hour last forever!

Oh yeah, we love the ceremonies!

*“FOCUS CAPTURED EVERY MOMENT
OF OUR DAY PERFECTLY, FROM OUR
GORGEOUS CEREMONY, TO MY FRIENDS
ON THE DANCEFLOOR!”*

ANGIE PARTRIDGE

“ We had our ceremony at the Great Island Common. It was a beautiful setting right on the ocean, surrounded by lighthouses. We lucked out - the weather was absolutely perfect, and there just happened to be a sailboat regatta that day. Our friend Dave played the guitar, and Julie’s dad built a birch chuppah. It was amazing.

“ Focus was just fabulous. The perfect balance of professional and fun - Will & Lucia kept everyone smiling, laughing, and looking great. And all the details that were important to us, things like that chuppah that were gone the next day - they got them.”

COUPLES

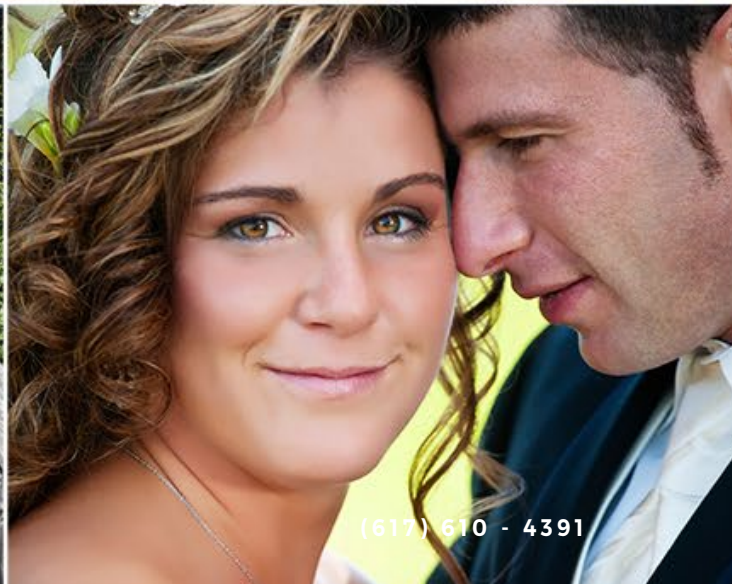

COUPLES' PORTRAITS

You don't want to feel awkward, and you don't want them to look cheesy, but you know that the you of the future wants to see how in love you were on your wedding day!

Don't worry, it will be easy. You'll get good at this, because we'll practice together beforehand, and you'll know how you like to see yourselves.

You'll get images where you're a little piece of big work of art; close images that show how tightly you hold each other's hands; traditional images where you're camera-aware; and editorial images where you're lost in each other's eyes or making each other laugh.

A wedding couple, a man in a dark suit and a woman in a white wedding dress with a long veil, are standing on a path and looking at each other. In the background, there is a white lighthouse with a red roof and a small house, set against a twilight sky with soft purple and blue hues. The ocean is visible to the left.

*“WILL AND LUCIA, THANK YOU BOTH FOR MAKING OUR
VERY INTIMATE WEDDING SO SPECIAL.*

*BESIDES OUR VOWS, ALL WE DID FOR OUR WEDDING
WAS TAKE PICTURES WITH YOU, AND WE HAVE GREAT
MEMORIES AND AMAZING IMAGES.”*

KELLY AND JOSH

“ We could not have been happier to work with Will and Lucia. We not only wanted top quality photos, but photographers that we could really develop a relationship with. Will and Lucia are very professional and their studio is a beautiful gallery of their quality work.”

“ What really won us over was their candid approach when speaking with us on our first meeting. They

were so real and uncensored and it actually made us feel more comfortable and gave us the utmost trust in them.”

“ For us, our photographs were one of the most important parts of our wedding. I knew that with Will and Lucia on our side, our photographs would be stunning, and they are.”

MELANIE AND BEN

WEDDING PARTIES

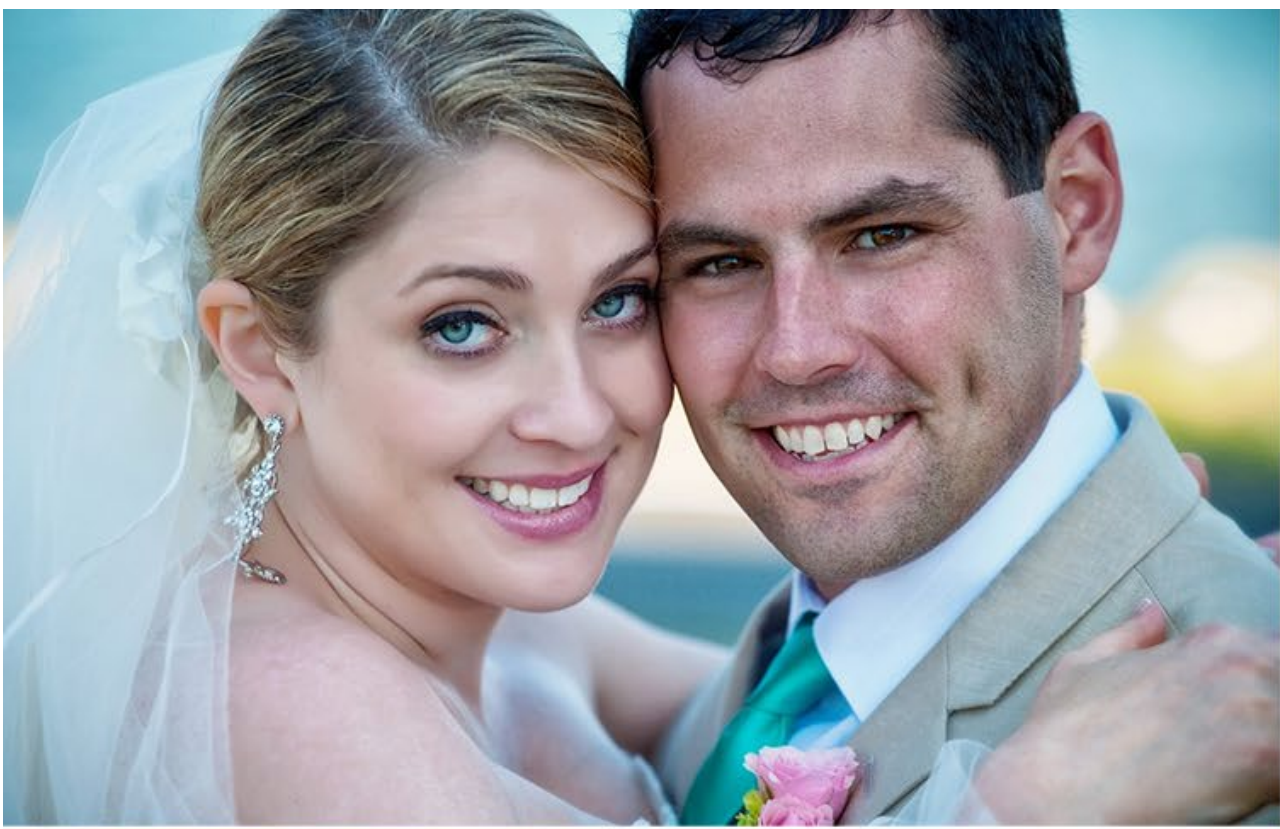

THE FULL WEDDING PARTY!

You'll get images with each side of the aisle, and also images of the whole bridal party together. We'll do line-ups, couples, vanity-fair arrangements, fun pictures, and motion images.

Worried that you're having different numbers of bridesmaids than groomsmen? Don't be, we've got a lot of experience and we know how to make asymmetrical groups look great!

All your friends are dressed up, the stress of the ceremony is over, and there's probably been a little champagne flowing in the party bus. Let's have some fun and get you and your friends images and memories that are priceless.

“ Lucia and Will kept us laughing the entire time- they really calmed down our wedding jitters and nerves!!! The groomsmen all thought Will was hilarious. The bridesmaids and wedding party appreciated Lucia’s insight. Lucia and Will could not have been more accommodating and helpful!”

MARISSA AND JT PASQUARELLO

FAMILIES

FAMILY PORTRAITS

We're not going to short-change the people you've loved your whole life! But...we're not going to take every one of a thousand combinations of family groupings either. You've got a party to get to.

What we will do is talk with you ahead of time, and come up with a list of who will be needed when, and a plan to make this part of the day run smoothly, on-time, and stress-free.

Of course, that won't stop us from

messing with your family, and you're going to get images of them laughing, singing, and loving you both.

You'll get traditional images that are camera-aware; side angle shots where everyone is looking at a different camera; and active images where everyone is involved in an activity.

And then, instead of dreading the formal groupings, you'll be proud of the images you'll have of your families.

“ Our pictures are just gorgeous - I love everything about them. Will and Lucia took two camera shy people and really made them look their best. They were far and above my expectations - I couldn't have asked for anything more.”

“ The images really captured the entire event - the little things, details, moments that weren't your standard poses. They're more like pieces of art then photos you put in a book and forget about.”

“ I am so thankful that we found Focus Photography. Our pictures are gorgeous, everyone who sees them loves them as much as we do. You were the best decision we made for our wedding!”

COCKTAIL HOUR

COCKTAIL HOUR

Maybe you'll miss cocktail hour, and be out taking pictures with Will. In that case, Lucia will be inside capturing images you were never there to see!

Or if you decide to do all your pictures and a first-look in ahead of time, you'll be there with your friends while the good stuff is pouring.

We can't do a shot with you; we can't have a drink. But we can photograph you and your friends and live vicariously!

Either way, you'll get images of the start of the party, and get to see everyone else loving the apps and open bar that you might decide to miss!

At cocktails we'll do candid shots of the fun; impromptu groups of drinking buddies; as many of the appetizers as your guests let us near; and all of the fun and laughter of your celebration!

DETAILS

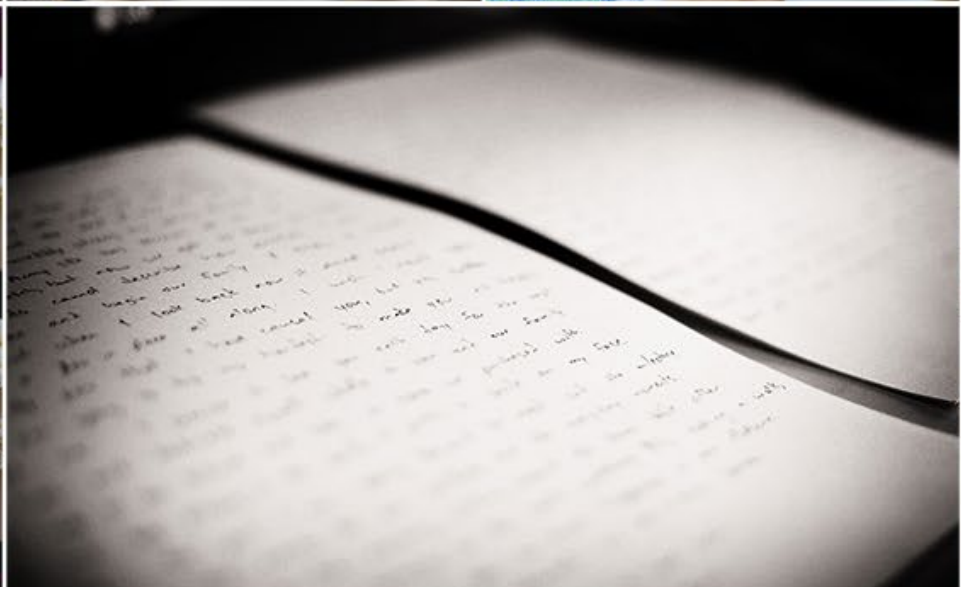

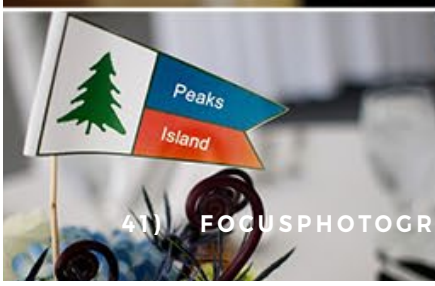

ALL YOUR CHOICES!

You'll make hundreds of decisions between now and your wedding day, choosing colors, patterns, linens, flowers, gifts, candies, etc. and these are the details that will make your wedding unique!

At Focus, we know that all those selections will be as important as anything else in telling the story of your wedding. We're practiced at creating beautiful scenes of your details, little vignettes of your day, so you'll have all your choices preserved in art to decorate not only your album, but your life.

EVEN TS

RECEPTION EVENTS

It's easy to think of reception events as mere formalities of a wedding. You'll dance a few times, there will be a couple of toasts, maybe you'll cut a piece of cake. Formalities.

But at Focus Photography, we've experienced so many emotions with our couples, we know the importance of each of these moments. A father so proud of his daughter that his dance with her is the best thing to happen to him all year. A sister's speech

that brings you to tears. A best man roasting you in front a whole room that can't stop laughing.

And you'll take to the dance floor with your new husband (!), all eyes turned to you, and you'll show everyone how connected and poised you are as a couple.

What sounds like silly traditions right now will turn out to be incredible points in time, and we won't let them be lost. You'll have them, forever.

DEVON & CHRIS

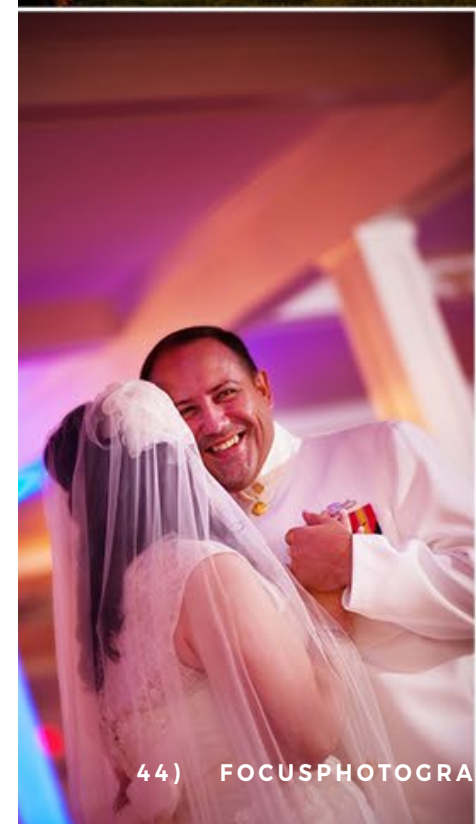

“It was great working with Will and Lucia. Will had awesome energy and really helped relax me. And Lucia was amazing! She made sure I looked my best. She was the mastermind behind the schedule that day; God knows it was some feat attempting to keep this crew on time, but she did it!”

“I had talked to several different photographers, but I knew that something was different when I called Focus. Will really listened to what I wanted, and then outlined a way I could get the wedding of my dreams, and photos that wouldn't let me forget it!”

“I did a little more research and discovered Focus had done a friend's wedding. I remembered how she had raved about her photographers and how beautiful her pictures were. Now that's me raving about them, and how beautiful my pictures are.”

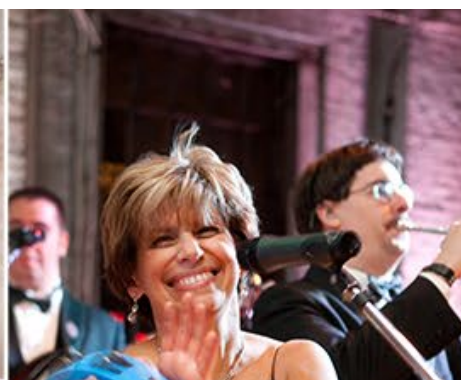

“Don't settle for other photographers - choose Will and Lucia for your wedding!”

DEVON SOLONIEWICZ

THE PARTY!

Throughout history, when the king would sign a decree, his people would feast and celebrate. After your day filled ceremony, oaths, and emotional floods, you will definitely be ready to cut loose and get down.

Will there be a band, wandering into the crowd and singing directly to you? Will you find the hottest DJ who keeps all your friends in perpetual motion? Will your grandmother do the cupid shuffle?

We say let it get crazy. Let the night be epic. We'll be in the mosh pit your college buddies started, sweating alongside you, ready for that moment.

You're making history, after all.

*“FOCUS PHOTOGRAPHY GAVE
US MORE THAN JUST WEDDING
PICTURES AND FUNNY STORIES
WE’LL REMEMBER ABOUT
THEM - THEY CREATED ART
FROM OUR WEDDING DAY.”*

ELEANOR CROFT

TWILIGHT

There's a beautiful light that shines only at dusk, and as the day slips into night, you might want to slip out of your party for a few more environmental images with your love.

These are wider shots, with you less emphasized, and the sky given more room. Images with shadows and colors that will capture a different feeling than your other couples' portraits.

END OF THE NIGHT

Not all our clients want night portraits - a lot of times the party is just too good to leave.

But sometimes these final images are the perfect way to end your story, and are the last pictures we create before we leave.

Alone under the stars, perhaps with your party blazing behind you, and maybe with fireworks or sparklers to play with.

If you want to close out your wedding story with a unique night shot, we're going to make that magic for you.

*“EVEN AFTER ALL DAY OF WORKING WITH US,
WILL AND LUCIA STILL ASKED US IF WE’D GO OUTSIDE WITH THEM
AT THE END OF THE NIGHT TO CREATE ONE FINAL IMAGE.*

*THE BAND WAS STILL PLAYING IN THE TENT,
AND YOU CAN SEE ALL THE LIGHTS OF THE PARTY.*

*MY PARENTS’ BACK YARD, THE CEREMONY SITE, OUR TENT,
AND ALL THE STARS THAT WERE OUT, ALL IN ONE AMAZING PICTURE.*

*EVERY TIME I LOOK AT IT, THAT LAST PICTURE OF THE DAY BRINGS
ME RIGHT BACK TO THE BEST NIGHT OF MY LIFE!”*

“Focus Photography was amazing at our wedding! We knew after our first meeting that these were the people for us. John loved joking around with Will, and Lucia kept everybody in check. All the pictures went by really smoothly.”

“Hiring Focus Photography for our wedding was the best decision we made. They worked with us to make a plan, and we had time for everything we wanted - a first look, pictures at the beach, all our family pictures done ahead of time, and even a scheduled stop at a pizza joint before heading to the church so the bridal party wasn't starving!”

SABRINA AND CHRIS (THE WACKERS)

“ Will and Lucia of Focus Photography were outstanding! ...They made the photo taking fun instead of tedious and the time really flew by.”

“ They were a joy and very easy to work with. We had a ton of fun during our ‘photo shoot’ (as this is what it felt like!) I had a great time with lots of laughs and smiles taking pictures with my groom, my bridesmaids, our bridal party, our parents, and our siblings.” Lucia and Will kept us laughing the entire time-they really calmed down our wedding jitters and nerves!!! Lucia and

Will could not have been more accommodating and helpful!”

“ I was happy that Trevor and I as well as each member of the wedding party were given specific directions on how to position themselves (sit/stand/look up/smile/not smile/hand here, etc.) as this was very, very helpful and makes all the difference in the images. I also love how Focus Photography doesn’t just use traditional photography where everyone is just lined up.”
